

Addendum No. 2: Dated November 23, 2022, to bidding documents for WTP Chemical Feed Improvements for the Town of Orange, WW Associates Project No. 221009.01.

From: WW Associates, Inc.

To: All Bidding Document Holders of Record

This addendum forms a part of the bidding documents and modifies the drawing and specifications dated April 29, 2022. Acknowledge receipt of this addendum in the space provided on the bid form. Failure to do so may subject the bidder to disqualification.

SPECIFICATIONS

Section 11244 – Chlorination Equipment

Paragraph 2.4.8: Add the following paragraph:

“2.4.8 Provide automatic control valve for finished water chlorinator. Automatic control valve shall be microprocessor-based device for controlling the feed rate of chlorine gas and available for automatic residual, flow proportioning, and compound loop control, using process water flow rate, residual setpoint, or a combination of these parameters. Automatic control valve shall be Superior Model AV-1 manufactured by Chemical Injection Technologies, Inc.”

Paragraph 2.5.1.2: Revise “...30 and 110...” to read “...50 and 100...”

Paragraph 2.5.1.8: Delete this paragraph in its entirety.

Section 15051 – Plumbing System

Paragraph 2.1.2: Revise “...JOSAM 32100-PVC series...” to read “...JOSAM FD-370 series...”

DRAWINGS

Drawing C-2

Revise “Demolish gas line” to read “Demolish fuel oil line”.

Drawing C-2.1

Revise note to read as follows:

“New 4-inch drain at minimum slope of 2.08%. Field verify depth of existing 12-inch sed basin drain prior to construction. Connect spill trays to drain pipe inside building.”

Drawing C-9

Revise note to read as follows:

“Finished water rate automatic control valve with built-in manual rotameter”
